4/16/41

Dear Abe:

Have been hoping that I would run into you if you came over this way but since I've had no luck that way so far thought that I'd better drop you a line and let you know what was happening along the promotion field here.

Have been very successful in closing a couple of contracts that I am sure will be of immeasurable benefit to the league in publicity. One with the Adam Hat Co who are putting out 25,000 schedules also enclosing some and closed with a match manufacturer for to put all the stadium dates and teams on the inside flaps of 50,000 books of matches. These will be ready for distribution about the 25th of this month.

EDWARD BOLDEN  
Vice-President

Will send you some as soon as they are finished  
Also more bat schedules if you desire.

Have heard very little news from the  
south so d guess things down there must be going  
along O.K.

Wish you would let me know when you are  
coming over this way as I want to talk over several  
things with you.

Kindly remember me to Effie and thank you  
for both for your cooperation in my election.

Sincerely  
Frank Forbes
